VOICEOVER (MALE):

Welcome to the team, Tony Finau!

Hi everyone—Tony here with some exciting news to share.

Over the last few years, I've admired what Grant Thornton is doing in the game of golf. It is clear that we share a vision to bring more people to the game and are passionate about working to improve the communities that we live in.

So, our teams sat down to see what we can accomplish together and I am thrilled to announce that I have joined the team of GT ambassadors on TOUR.

In addition to that we have some big news to share as Grant Thornton is launching the very first Grant Thornton Invitational this December.

The event will bring the biggest stars from the LPGA AND PGA TOURs together to compete in a team format co-sanctioned by both tours in Naples, FL.

I'll be teaming up with superstar Nelly Korda to take on our fellow competitors, including Rickie and Jess, and couldn't be more excited for this innovative event for fans.

I'd like to thank the team at Grant Thornton for welcoming me, and I can't wait for you to see what we have planned this season and beyond.
